

Welcome to Adventure Connection!

Personal Gear Checklist

ADVENTURE CONNECTION will provide all rafting gear, food, utensils, shuttle transportation and cold refreshments at the end of each day.

River attire is very casual and you should expect to get wet and dress accordingly. Quick-dry clothing is recommended. Anything cotton gets wet stays wet and does not keep you warm. Following this list will assure you a comfortable and well-prepared trip.

All items marked **(sale)** are available for purchase at our Camp Store.
All items marked **(rent)** are available to rent. Advanced reservations required.

We urge you to leave your valuables at home. If you wish to bring a camera, please provide a case (preferably waterproof). Waterproof, disposable cameras are available for purchase at our Camp Store. However, it will not be possible to photograph during rapids. Professional photographers are positioned along the banks taking photos of us running the rapids. These photos are available for sale at the end of the trip and the companies are in no way associated with Adventure Connection. Extra money may be needed for meals en route to and from you trip, for souvenir T-shirts and photographs or a guide tip.
